

ATAC Resources Ltd. to Present at Precious Metals Summit and Denver Gold Forum

September 14, 2017 - Vancouver, BC - ATAC Resources Ltd. (TSX-V:ATC) (“ATAC”) is pleased to announce its participation in the Precious Metals Summit and Denver Gold Forum/XPL-DEV 2017.

At the Precious Metals Summit and Denver Gold Forum/XPL-DEV, Graham Downs, ATAC’s President and CEO, will be giving a presentation and update on ATAC’s 2017, \$10 million exploration program at the Osiris and Rau Projects within the Rackla Gold Property, Yukon. Mr. Downs will also be discussing ATAC’s recent partnership with Barrick Gold Corporation and the exploration work they are conducting on the Orion Project.

At the Denver Gold Forum/XPL-DEV, Julia Lane, ATAC’s Vice President of Exploration, will be displaying core from the recent 2017 drilling at the Conrad Zone (see ATAC news releases dated [August 17, 2017](#) and [August 29, 2017](#)).

If you are attending either conference and would like a chance to meet with management, please contact Vanessa Pickering, ATAC’s Manager of Corporate Communications via email at info@atacresources.com or by telephone 604-687-2522.

About ATAC

ATAC is a Yukon-based exploration company focused on developing Canada’s only Carlin-type gold district at the Rackla Gold Property. Recent work on the ~1,700 km² property has resulted in a positive Preliminary Economic Assessment for the Tiger Gold Deposit, drilling of multiple high-grade Carlin-type gold zones and the identification of numerous early-stage gold exploration targets. ATAC and Barrick Gold Corporation recently partnered to explore the Rackla Gold Property’s Orion Project, with Barrick having the option to earn up to 70% of Orion by spending \$55 million in exploration. ATAC is well-financed with approximately \$18 million in its treasury and is currently completing a \$10 million exploration program at the Osiris and Rau Projects (which are not subject to Barrick’s earn-in right), while concurrently working with Barrick to advance the Orion Project.
