

ATAC Acknowledges Receipt of Offer from Victoria Gold Corp.

February 13, 2023 - Vancouver, BC - ATAC Resources Ltd. (“ATAC”) (TSX-V:ATC, OTCQB:ATADF) confirms that on January 12, 2023, it received an unsolicited non-binding proposal from Victoria Gold Corp. (“Victoria”) (TSX-V:VGCX) to acquire 100% of the issued share capital of ATAC for \$0.12 per ATAC share, payable in Victoria shares (the “Offer”). The Offer represented a 36.4% premium to ATAC’s closing share price at the time of the Offer, as indicated above, was non-binding, and contained numerous deal conditions.

Following receipt of the Offer, ATAC engaged Stikeman Elliott LLP and Agentis Capital Mining Partners as legal and financial advisors, respectively, to evaluate the proposal. After a thorough review, ATAC responded on January 19, 2023, that it did not believe the Offer fully captured the significant value of ATAC, including the district-scale precious and critical metals potential of its Rackla Gold Property (“Rackla”) and ATAC’s other properties in the Yukon and British Columbia. ATAC indicated that it was willing to engage in further discussions with Victoria related to a transaction that more fairly valued ATAC, including the significant investments made to-date at Rackla, the resources present at both the Osiris and Tiger gold deposits, exploration and other tax credits, the project’s future upside and the potential of its portfolio of discovery-stage copper-gold projects in Yukon and British Columbia.

“The Rackla Gold Property represents an immense landholding with no underlying royalties. It encompasses two known mineral districts, with significant gold resources and vast precious, base and critical metals potential. ATAC has been actively exploring in Yukon for over 20 years and has a strong working relationship with Yukon Government and the First Nation of Na-Cho Nyak Dun,” stated Graham Downs, President and CEO. *“With over \$4 million in cash in our treasury, a strong resource base at Rackla, and compelling discovery potential across our project portfolio, we believe this offer does not reflect the significant value of ATAC.”*

Following receipt of the Offer, ATAC directed its financial advisors to engage other parties to evaluate alternatives to maximize value for shareholders, and discussions are ongoing.

About ATAC

ATAC is a Canadian exploration company focused on exploring for gold and copper in Yukon, BC and Nevada. Work on its ~1,700 km² Rackla Gold Property in Yukon has resulted in the Osiris Deposit Indicated Resource of 732,000 oz of gold at 4.12 g/t (in 5.5 Mt) and Inferred Resource of 1,044,000 oz of gold at 3.47 g/t (in 9.4 Mt), the Tiger Deposit Measured & Indicated Resource of 464,000 oz of gold at an average grade of 3.19 g/t (in 4.5 Mt), a positive Preliminary Economic Assessment for the Tiger Gold Deposit (Pre-tax NPV of \$118.2M and IRR of 54.5%), and numerous early-stage gold and base metal discoveries. ATAC is well-financed with approximately \$4.5 million in working capital.
